

Southern Chapter of the Arizona Falls Prevention Coalition

Falls are the leading cause of unintentional injury-related hospitalizations, emergency department visits, and deaths among Arizona citizens 65 and older.

Join us at one of several **FREE** events to learn more about how to prevent falls! Presentations and resources at each location may include:

- Osteoporosis and fragility fractures
- Proper use of assistive devices
- Dementia: stages, types, and symptoms
- Safety/mobility equipment
- Fall risk assessment
- Fracture risk assessment
- Audiology
- Foot screenings and diabetes management information
- Program demonstrations and sign-ups
